Geneva, Friday, January 12, 2018.

I am writing to apply for a job in the field of graphic design, marketing & communication; printing or digital jobs, 80%-100%

Coming from the graphic design and digital sector, I can handle literary works, such as web or printing projects from inception to its completion, and ensuring professional quality. With my background I can do all works myself.

I am looking for a part-time job or full time 80%-100%. The part-time job would allow me to meet other people (Meetup, conferences), develop my skills and stay connected with the world of print and digital marketing to be more effective for the business.

Willing to take a new challenge, I am available for an interview at your earliest convenience to provide you with more information and discuss a potential collaboration.

In the meanwhile, please accept, dear Madam, the expression of my best regards.  
Yours faithfully,
